Simple Syrup

1 cup sugar

1 cup water

Stir until sugar has melted, do not boil. Remove from heat and cool.

Unused syrup can be stored in an airtight jar in the refrigerator for up to 3 months.

Vanilla Simple Syrup: Follow directions above. Once the saucepan is removed from the heat, add half a vanilla bean. The bean can be stored in the jar.

Star Anise Simple Syrup: Follow directions above. Once the saucepan is removed from the heat, add 3 star anise. The pods can be stored in the jar.

Mint Simple Syrup: Follow directions above. Once the saucepan is removed from the heat, add handful of fresh mint. Once the syrup has cooled, strain and discard mint.
